

## General comment

We have had a successful start to the academic year, the children have settled in well and we are already excited to learn more about our topic 'Not all Heroes Wear Capes'. We are looking forward to working with you all over the year.

This half term in Maths we are focusing on our place value, addition and subtraction skills. We are working through the chilli challenges and working with lots of concrete materials to help us solve maths problems.

English

Our English this year is taking the form of Talk 4 Writing. This half term we are looking at stories that overcome monsters. We have learnt actions to help us retell the story of Rapunzel. This is going to help us with our writing over the next few weeks.

## Attendance

As part of our attendance we are working hard to earn our piece of trivial pursuit pie. We need to achieve 96% or above the entire half term. Wagtail class are working towards their blue piece of pie and Pintail class have chosen the brown piece.

# Year Two

Our first science topic this year is linked to animals including humans. We will be looking at animal babies, growing and changing, our basic needs, healthy eating, the importance of exercise and keeping clean.

We will also have many cross-curricular science lessons and investigations as part of our topic this year too.

## Topic

We had a fantastic immersion day on Monday 9th September. The children looked great in their costumes and embraced the day! We made our own superhero masks and created a superhero identity for ourselves.

As part of our topic we will be looking at significant individuals throughout history. This includes Amelia Earhart, Alexander Graham-Bell, Florence Nightingale, Roald Dahl and many more!
