### **Adverse Weather**

In the event that the school has to close due to bad weather, this will always be as a last resort and will be to ensure the health and safety of our staff, pupils and yourselves.

We will post a notification on our school website, Twitter and the school app. You will also receive a text message informing you of the closure. **Our text messaging system runs alongside our ParentPay system. Please ensure that you have registered your up to date mobile number on your ParentPay account to ensure that you receive text message from the school. This can only be added by Parents/Carers.** There will also be announcements on Ridings Radio.
