

3 February 2020

Dear Parents/Carers,

As part of our new topic, Passport to Life, children in Year 1 will have the opportunity to participate in an exciting Zoolab workshop in school on Monday 24th February 2020.

The children will learn all about exotic animals and their habitats. They will have the opportunity to touch some of the amazing creatures, if they choose to. This also links to our Geography and Science Curriculum where we are looking at the seven continents of the world and the animals that live in the different habitats.

Please could you complete and return the attached pro-forma. If this form is not returned your child will not be able to take part.

Yours sincerely,

Miss Donnelly
Year 1 Teacher
