

Three Lane Ends Primary Academy

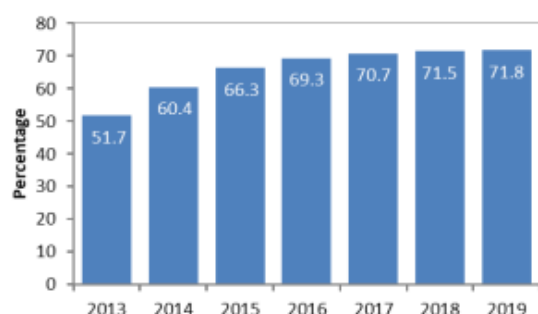

Early Years Outcomes

Attainment

The graph below demonstrates Nationally, what percentage of pupils achieved a Good Level of Development. A Good Level of Development is where a child achieves the standard in the following areas:

- Personal Development
- Communication, Language and Literacy
- Physical Development
- English
- Maths

Figure A: Percentage of children achieving a good level of development
England, 2013 to 2019

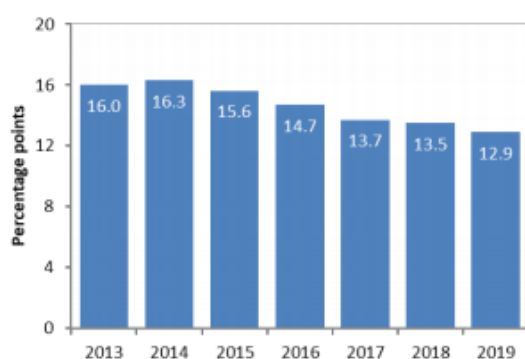

71.8% of children achieved a good level of development in 2019 – up slightly by 0.3 ppts on 2018.

70.7% of children achieved at least the expected level across all early learning goals (ELGs) - up 0.5ppts compared to last year.

The average total point score was 34.6 out of a maximum 51, the same as 2018.

Figure B: Gender gap (girls minus boys - ppts) for children achieving a good level of development
England, 2013 to 2019

Decrease in the gender gap for achieving a good level of development – down 0.6 ppts from 2018.

Decrease in the gender gap for achieving at least the expected level – down 0.7 ppts from 2018.

For the above two measures boys are improving at a faster rate than girls, whose performance has plateaued, which means the gender gap continues to decrease.

	2019 GLD Outcomes		
	ALL	BOYS	GIRLS
National	72%	65%	78%
Three Lane Ends Primary Academy	68%	52%	80%
	-4%	-13%	+2%
